ANNUAL CONFERENCE

Friday 21st June, 2013

River Lee Hotel, CORK

PRE-CONFERENCE

MOTIVATIONAL
INTERVIEWING
WORKSHOP

Thursday 20th June

OBESITY AND ORAL HEALTH

We sincerely hope that you will join the Irish Society for Disability and Oral Health for our summer conference. The speakers will consider the impact of the obesity epidemic in western society and the full programme of both Irish and International speakers will consider common risk approach to caries and general health, obesity and disability, medical and airway issues, chewing function and nutrition, and importantly the psychology of obesity and learning how to talk comfortably with our patients and caregivers about issues related to weight. We encourage anyone wondering how to offer the best care and advice for the increasing number of obese children or adults in their clinics, to come and join us. and improve their clinical knowledge and meet colleagues to share experiences.

We are also running a half day workshop in Motivational Interviewing (MI) on Thursday 20th June 2pm-5pm prior to the conference. The body of evidence is growing that MI is the most effective approach to achieve lasting health behaviour change in resistant individuals. In order to enable more people to take advantage of this workshop, ISDH are offering a special 'members-only' team price for 2 individuals who are working together. Please visit www.isdh.ie for more details.

Both days provide great value for money and if you are a member of ISDH there are great savings to be made on price. Visit www.isdh.ie for more details about joining ISDH. We look forward to seeing you in CORK.
